PRESENTS

2024 Combined Sponsor Packet

Hello there,

The year 2023 brought us momentum we never imagined. With that, our program reach more than doubled. Older adults with dementia are connecting at Creative Connections each week in a way that just 3 short years ago was absent from our community. That is real, tangible results, dollars at work to improve lives - plain and simple. As you know, we cannot do this without your support.

That is why we are excited to continue **Mimosas for Memories & Brews for Brains 2024**. These two events will be our largest, most promoted, and - with your help - most successful in our 9-year history serving our older adult community in Greater Cincinnati through homegrown advocacy and direct programming.

Though mimosas, craft beer, and delicious bites are great reasons to celebrate, it's truly the **conversation, connection, and engagement** that are the real reasons to join in. Dementia and Alzheimer's Disease **affect 126,284 local Cincinnatians** and their families. Their stories must be told, and their caregivers' voices must be heard. We won't stop at average, and we ask you to be a part of something **new, refreshing, and impactful**.

Your support will allow us to continue to produce and innovate fresh and vital **direct local programming**. We are proud that our collaborative has launched new and needed programming **touching local lives** and that because we are led by passionate volunteers, we are able to pass 90% of dollars raised directly to families.

Today, you have the chance to **help tell those local stories** and amplify those sometimes quiet **voices** through **connection**. Mimosas for Memories and Brews for Brains allow the Giving Voice Foundation to grow locally and are testaments to the generosity of this community. We are raising funds and awareness to better support our local older adult community – especially those suffering from Alzheimer's and their caregivers. Do not miss this opportunity to join us!

Sincerely,

About Us

Our commitment is to the members of the Cincinnati community. We grew up here, we know this place, its history, and its people. We know what makes us Cincinnatians is a collective kindness and a sense of strong community. We had our neighbors, our grandparents, our friends, and our families in mind when we created this organization. We will **give voice** to the issues facing our older adults in Cincinnati.

Our mission is to inspire cross-generational conversations to improve the healthcare of older adults through advocacy, engagement, and storytelling. Together, these three pillars give us an uncommon but effective recipe for inspiring change.
